Early Literacy Log

It’s important to read and learn with your child every day. Use this log to help keep track of the ways you talk, sing, read, write, and play - activities that are the building blocks of preparing your child to be a reader!

Check off each activity as you complete it with your child. When you complete at least 10 activities, bring the log to the library for your child to earn a prize.

**Talk**
- Talk about the signs you see in stores.
- Take a walk with your child, naming objects, actions, and feelings.
- Name your child’s body parts and talk about what they do.

**Sing**
- Sing a song or rhyme you know and love.
- Clap along to a familiar song.
- Dance and sing together.

**Read**
- Read a book together for 20 minutes every day!
- Show your child that reading is important by letting them see you read.
- Share a book with your child, talking about pictures, not reading words.

**Write**
- Let your child scribble or copy their name.
- Draw letters in sand or shaving cream.

**Play**
- Play with blocks or puppets at any W-TCPL location.
- Play with simple puzzles.
